Apartment El Forn1P in natural surrounding, big pool and beach and village close by

The location of Mas Margarita is amazing, as the holiday homes are surrounded by the peacefully Catalan hills and fields but **still very close to the Costa Brava beach**. When you stay in the rental home, you feel far away from everything. Despite this, there is only 4,5 kilometers to the white sand beaches and the blue sea, and 3 km to the cozy, authentic town ofCalonge.

Normally the holiday homes in this distance from the great beaches are full of tourists and fake surroundings. You rarely find such a **peaceful authentic holiday home** as Mas Margarita, which offers traditional buildings, scenic environment and views.

Apartment El Forn 4P is part of the the Mas Margarita main building. With this apartment you will also have a terrace and two seating areas, which are shared with the Mas Margarita-La Sala apartment.

The apartment **for 4 persons** located on the **ground floor** of the main building to the right from the entrance. You pass a common activity-room before reaching the door of El Forn. The first room of El Forn is a **beautiful living room** with sofa and **flatscreen TV**, thus giving good opportunity to retire and relax. Further on there is a **well-equipped kitchen** with Nespresso, microwave, washing machine, oven, dishwasher, refrigerator and freezer.

El Forn has **two bedrooms**, one with a double bed and one with twin beds. Next to the two bedrooms you find **a bathroom** with a **luxurious bathtub**.

The house is **authentically decorated** in a traditional Catalan style, which is generally characteristic of Mas Margarita apartments, which date back to the 19th century. Despite this, all everyday modern equipment are included and this creates a good combination of both old and new.

The Mas Margarita apartments offer a **wide range of activities for people of all ages.** All 4 apartments have access to the **table tennis,** the children's bicycles and the toys. From the garden there are also Roman steps into the **large shared pool (12x6 m),** which therefore is perfect for children. In addition to this there is also a **football field** and a small **playground** in the shade.

The beautiful surroundings around the apartments are characterized by the **olive trees**, the beautiful **mountains** and the Catalan forests.

The houses are located in the **corner of a nature park**, where there for example are two GR-trails. Otherwise, you have the opportunity to **take a 15-20 minute scenic walk downhill through the forest to the town of Calonge**. The walk back home will probably feel a bit longer. Therefore, it is best to drive for shopping. In addition, there are **several wineries** in the area. If you wish to taste the exclusive Catalan wines at the famous wine tastings you must book some time before your arrival. Otherwise there are also other, smaller wineries, which offer tours. Many of these tours include the possibility to pick grapes (late August or September). It is also possible to book an extremely talented chef for lunch / dinner in advance. The price depends on the meal.

There is **Wifi internet** throughout the site and in all of the houses except La Cabanya, where the Wifi signal can be weak.
